PANDIT MADAN MOHAN MALAVIYA NATIONAL
MISSION ON TEACHERS AND TEACHING**

ST. JUDE'S COLLEGE THOOTHOOR, TAMILNADU
(Affiliated to Manonmaniam Sundaranar University, Tirunelveli)

In Collaboration with

TEACHING LEARNING CENTRE, RAMANUJAN COLLEGE
(Accredited Grade 'A' by NAAC) University of Delhi

**One week Faculty Development Program on
Blended learning and Pedagogical techniques**

7th-16th June 2021

CALL FOR REGISTRATION & PARTICIPATION

BLENDING LEARNING AND PEDAGOGICAL TECHNIQUES

The Ministry of Education (erstwhile, Ministry of Human Resource Development) launched the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT) in 2014. One of the main objectives of this mission is to facilitate teacher training by constituting Teaching Learning Centers in various institutions of higher education in our country. The Teaching Learning Centers (TLCs) are mandated to promote on a continuous basis the learning of new pedagogical practices, methodology of forming discipline-specific curricula and creating new learning materials (including e-content) for use by the teachers in colleges and postgraduate departments. It is envisioned that the TLCs will accelerate the teaching-learning process by encouraging independent critical and creative thinking and facilitating research for subject specific growth. The TLCs will assist the faculty in capacity building for curriculum designing, scientific assessment and evaluation and the development of innovative academic programs to strengthen the inclusive nature of higher education. The TLCs are also encouraged to reach out to teachers teaching in regionally disadvantaged locations. The Pandit Madan Mohan Malaviya National Mission emphasizes the need to change the role and workings of a teacher from a mere disseminator of information and knowledge to the one who helps students to develop critical, analytical skills, capabilities to generate information, the ability to reason and to empower themselves through open sources and globally oriented digitalized self-learning processes. The focus is not only on ‘what is taught’ but also importantly, to ‘the way it is taught,’ in an effort to develop and enhance individual education, that will eventually go on to define the manner in which the future generations will work and live. The Teaching Learning Centers offer Faculty Induction Programs (FIPs) for newly recruited faculty and Faculty Development Programs (FDPs) for teachers with experience who wish to update their field of knowledge, expertise and skill with the latest available research, resources and technology. In the FDPs, special emphasis is given to inter and cross-disciplinary methodologies of study.

Currently, the teaching fraternity is missing their lively and interactive classrooms due to COVID-19 Pandemic. To address the present situation, the

(UGC) has intensified its efforts to have a strong virtual engagement with the students through email/WhatsApp and hosting lectures using Google Class Room and other video-conferencing platforms. Keeping in view the immense benefits and reach of online courses in the present academic set-up, the Teaching Learning Centre Ramanujan College, University of Delhi & St. Jude's College, Thoothoor is offering a one week Online Faculty Development Programme on “Blended Learning and Pedagogical techniques ” for faculty members and research scholars of higher education in the country from June 7th-16th, 2021.

CONCEPT NOTE

In the present scenario, Blended learning is a part of the learning landscape in higher education, not just based for campus based courses. It is one of the emerging trends designed for students studying at distance as well as for communities of professional learning and practices. Blended learning is effective combination of different modes of delivery, models of teaching and styles of learning. Blended learning is a Pedagogically sound and valuable techniques of broadening access to an education.

Taking this as a reference point, this Faculty Development Programme on Blended Learning aims to explore the different ways to implement Blended Learning. It is important to understand that Blended Learning is not simply adding technology to the- classroom. Rather, it has to be integrated into everyday teaching, thereby emphasizing on re-thinking the current pedagogical approach. The programme intends to explore the different models of blended learning and dive into key issues that impact students, teachers, and institutions of Higher Education. Specifically, we plan to look at these issues by integrating the conceptual backgrounds and different schools of Blended Learning with the technological applications used for building an effective blended learning curriculum.

Overall, the Faculty Development Programme is an effort to probe into the different limitations which Faculties of Higher Education face and find the alternatives to overcome them by focusing on the fundamentals that have the greatest impact on student learning in a blended or online

THEMATICS

- Blended learning design
- BL as a strategy
- Learners, teachers and institutional factors influencing BL
- Evaluation and implementation

RAMANUJAN COLLEGE

Ramanujan College is a University of Delhi college, located in the well-known area of Kalkaji, near Nehru Place, in South Delhi. Ramanujan College has highly qualified, dedicated, and committed faculty members. The College runs 16 courses in different subjects in Humanities, Commerce and Science streams. It is also the study centre for the students of the Non-Collegiate Women's Education Board, University of Delhi and the Indira Gandhi National Open University. The College also runs several professional courses. The teachers of Ramanujan College are highly motivated and have original, published academic and creative work, including journals and other print media articles and educational film making to their credit. Ramanujan College is a premier institution of the University of Delhi and has been accredited grade "A" by the National Assessment and Accreditation Council (NAAC). We at Ramanujan College emphasize the holistic development of personality, meaningful exposure to real-world, and inculcating practical skills amongst our students apart from ensuring academic excellence.

Enrichment Spectrum at the Teaching Learning Centre (TLC), Ramanujan College
